Next Generation Technology Group Inc. (NGTG) hereby announces that it has resolved to acquire shares of Sanko Giken Kogyo Co., Ltd.(Sanko Giken) and make it a subsidiary on July 1, 2026. The details are described below.

1. Reason for acquisition of shares

NGTG is a serial acquirer engaged in the acquisition of manufacturing companies and those related to the manufacturing industry. Our mission is to bridge the technology to the next generation. By bringing together multiple companies with strong technical capabilities, we aim to build a robust corporate group.

The processing services, manufacturing equipment sales, and materials sales for Printed Circuit Boards of Sanko Giken are of high social significance, as they underpin global manufacturing. Believing that these technologies should be carried forward to the next generation, we have decided to acquire shares of Sanko Giken.

Going forward, we will continue to support the management of our portfolio companies, including Sanko Giken, which has newly joined our group, while also pursuing further acquisition opportunities. This includes not only business succession cases but also carve-outs from large companies and Tender Offers for listed companies.
